all cops in the high ground positions had professional cameras and were taking pics of the crowd... it was different than the cops on the lower levels. they would take out their phones and take pics etc. but for whatever reason those in uniforms were snapping with actual cameras.

Hello fellow Caterpillar, I am a local DC journalist and we, I mean I would like to very much interview you in one of our offices. Pictures of you in the building would be great if you could bring some.

Cant tell if you're trolling me or not but I'm getting the hell out of here. I don't trust anyone in the media after yesterday.
